

C1149

2mil Matte Silver VOID PET CI | snappLock | 77#

This Top-Coated polyester film features a matte metallized backside surface with a silver appearance. It provides excellent tear strength, heat resistance, dimensional stability, opacity, and chemical resistance. This security label delaminates to read "void" when removed. The high performance top coat enhances printability with a variety of printing processes and provides a smudge resistance surface. This product is designed for computer imprintable, flexographic, laser, and print impact methods.
